

Technical Product Specification

Plastic Gravity Louvre Vent: HSR4W, HSR5W, HSR6W & MV200

The HSR range, allows air to be released by opening the Louvres and closing when not in use. The Louvres are specially manufactured in a curved shape to assist in keeping the vent closed during wind, drafts and prevents pests from entering the system.

The Gravity Louvre is made of UV resistant polypropylene plastic to withstand Australian climate.

Extra features include:

- › Rounded edges with mounting holes in each corner
- › 25mm deep rear spigot for ducting attachment.

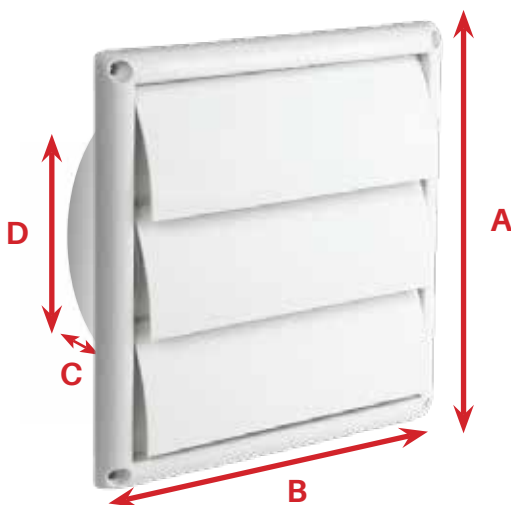

MV200 - Front

HSR - Back

Model	Description	Colour
HSR4W	Wall Vent Gravity 100mm	White
HSR5W	Wall Vent Gravity 125mm	White
HSR6W	Wall Vent Gravity 150mm	White
MV200	Wall Vent Gravity 200mm	White
